

Something for everyone

1. Jump on the train into the park and head straight for the Bobsleigh run. While the little ones can ride with mum or dad, the older ones can go it alone!
2. Then find Megafobia and give the whole family a thrill. Kids not tall enough? Split up and take them panning for gold in New Orleans or leave them safely to watch, wait and grow by the exit whilst the rest of you ride.
3. Do you believe in ghosts? Take the Spooky 3D challenge and see who screams the loudest. Wooooooo!
4. Hop onto the Brer Rabbit train ride – the littler kids will love it, and you'll love to see their faces!
5. Everyone loves a spot of Mini-Golf – especially with some surprises in store. Then stop for an ice cream on the way up to Skyleap.
6. Take off on Plane Crazy which is great for the whole family. Trainee pilots can ride with mum or dad.
7. Waterfall will have them all screaming for more. You'll probably get wet, so straight to Snake River Falls for more!
8. Dry off with a swing across the seven seas on the Pirate Ship. There's a half swing for Junior Pirates every hour, on the hour.
9. Take time out to get your breath back with a paddle around the Boating Lake. Watch out for the ducks!
10. Time to liven things up again with a white knuckle ride on The Bounce (kids not tall enough can head for the Treetops rollercoaster).
11. Feeling peckish? A spot of lunch is in order. What do you fancy? Woody's Burger Bar? Or something a bit healthier at Smugglers Snacks?
12. With the kids refuelled and full of energy, sit back and relax as the younger ones take over the Lost Kingdom and cause total mayhem in the Wacky Factory.
13. Visit Matt the Magic Man at the Magic Factory and learn some awesome circus skills.
14. It's time to take on Speed, our newest, fastest, thriller of a ride. Not tall enough or brave enough? Get in training with the Clown Coaster.
15. Ready for more? Try Vertigo next (book when you arrive to ensure availability. There is an extra charge for this ride). Three people can fly. Kids over 1.1m can take to the skies while the little ones watch in wonder.
16. Get your breath back with a pit stop at the Restaurant for some much needed refreshments.
17. Now it's back to KidzWorld – you don't want to miss the hilarious Punch and Judy show (see park map for times).
18. Whilst you're there, catch the Carousel, the Ferris Wheel, the Truck Stop and the Jet Planes.
19. Now find out who's the Einstein in your family at Techniquet. See how much Dad can remember from science lessons at school!
20. You can't leave the park without hitting Hydro. If you're too small to ride, will you brave the bridge? Prepare to get wet – you'll want to use the changing rooms next door before you head for home.
