

If you've got young kids to entertain

1. Take the short train ride from the entrance into the park and head straight for the fun filled KidzWorld. Start off with The Truck Stop. Beep beep.
2. The Clown Coaster will get them giggling – it's right next door.
3. Put on their flying goggles and take off down the landing strip on an Airplane Ride.
4. Land by the Carousel, but don't get dizzy!
5. Time for a drink? Cyril the Squirrel loves to stop at the Acorn Tea Rooms. There's ice cream too, if you want a treat before trying the Ferris Wheel.
6. Back down to earth, and a spot of farming on the Tractor Ride should be your next stop.
7. Let them loose in the Playground, then head indoors to the Lost Kingdom to run riot in the soft play area. You'll be exhausted just watching, so sit down and relax.
8. As long as it's not Monday or Tuesday, you can catch a magic show at 11.30am in the Magic Factory. Don't worry if you miss it - there's another one this afternoon (see park map for details).
9. After the show, your little magicians can try a few magic tricks of their own, before transporting you with a flick of the wand to the Bobsleigh Run.
10. Get your breath back with a relaxing paddle around the Boating Lake. Look out for the ducks!
11. By now, there might be some rumbling tummies. Head for one of our lunch stops and re-fuel for the afternoon.
12. Ready to go again? Back at the Magic Factory, Matt the Magic Man will teach the kids some amazing circus skills (see park map for times).
13. Time for the Treetops Coaster. They'll love whizzing through the trees. Go on, let them go again, it's free!
14. Make a splash at Snake River Falls but remember, you'll probably get wet.
15. If it's close to the hour, dry off with a half swing across the seas on The Pirate Ship. It operates a half swing for smaller children every hour, on the hour.
16. Make sure your lunch has gone down before you take to the skies and go Plane Crazy. If you missed the early performance of the magic show, hey presto! Here's another one.
17. The Wacky Factory in the Lost Kingdom is not to be missed. Prepare to do battle with the cannon blasters!
18. Don the white coats and put your little Einsteins to the test with the hands-on experiments in Techniquest.
19. Got the next Tiger Woods in your family? Let them loose on Mini-Golf but beware, there could be a few surprises in store.
20. Round off the day in New Orleans by joining the gold rush, take a ride into Brer Rabbit's Burrow and brave the Spooky 3D ghost train! Phew – you've done it all!
